FAREWELL ADDRESS BY DR. RICHARDSON

SAYS HE PLANS TO ATTEND SOME WESTERN UNIVERSITY

DIPLOMAS AND DEGREES

Today was Closing Day of Summer Term of the College—Richardson To Leave Sept. 1

In his farewell address to the student body and faculty of the State Teachers College this morning, President Ira Richardson said that next year he would be a student also.

Dr. Richardson plans to attend some university in the west next year. Other than this his plans are not complete. He will be in Maryville practically all of the month of August as his term as President of the institution does not expire until the first of September.

Dr. Richardson said in his address: "I wish for the institution the very best that can come to it."

Speaking of his successor, Uel W. Lamkin, newly-elected president of the college, Mr. Richardson said:

"He is worthy. He deserves your support and trust in all he tries to do."

He expressed his thanks and appreciation of kindnesses for both himself and Mrs. Richardson. He would forget the criticisms made, he said, and try to remember only the kind acts. He said there was much he had not accomplished he would have liked to.

Miss E. Helen Miller of King City was presented with an emblem for winning the girls' tennis singles in the college tournament this summer. Several orchestra selections were given under the direction of C. D. Kutschinski.

Along with the farewell address President Richardson presented ninety-seven students diplomas and degrees from the College. Four students received A. B. degrees and thirteen received the degree of Bachelor of Science in Education. Eighteen elementary life diplomas were given while here were twenty-nine provisional certificates and twenty-one elementary certificates issued. Twelve students received high school diplomas.

Those receiving diplomas and degrees were:

Bachelor of Science in Education: Anna Bainum, Myrtle Ballard, Ira Fantz, Wave Hulet, Alma Lucas, Ruby K. Melvin, Lillie Nelson, Sylvia Ratliff, S. C. Richeson, Bernice Rutledge, Edna Turner, William Utter, Robert Harvey Watson.

Bachelor of Arts: Mrs. Jessie Caulfield, Hattie Hall, Anna Wells, Charles A. Wells.

Elementary Life Diploma: Mary Ellen Angell, Carrie Bean, Mary Crowson,

BARNARD PICNIC OPENS WITH LARGE ATTENDANCE

Light Rain Only Puts Grounds in Better Shape—Governor Hyde to Speak Tomorrow.

The light rain which fell this morning made the picnic grounds at Barnard all the more perfect for the three days of fun, according to John Rush, editor of The Barnard Bulletin. By the way, people were gathering, the first day of the picnic will be larger this year than ever before.

It was definitely promised the committee about a week ago that Governor A. M. Hyde would address the crowds at 3:15 o'clock tomorrow afternoon. The Rev. J. A. Cooper, pastor of the First Baptist church of Maryville, was the principal speaker this afternoon.

Fifty Maryville folks went to Barnard this morning on the train and many more will motor down for each day's performances. Many concession men with doll racks cold drink booth and similar places, have been at Barnard for several days. A swing has already been tried out. Sheriff Steve Roach is looking after policing the grounds.

FOOTBALL IS TAKING HOLD AS THE SEASON GROWS NEAR

The "M" Club at the College Is After All Eligible Candidates in the District.

Letters are being sent out to the various boy graduates of the high schools of the district by the "M" Club at the college in an endeavor to get a larger number of men athletes and students to attend the fall session this year.

With a heavy football schedule ahead every additional man at the college will be a great help, as the larger the squad, the better the team.

The prospects for football are brighter this fall than ever before, as many of the letter men of last year are returning and along with representatives from the high schools a winning team looms into view.

Already some of the local men are getting into shape by passing and kicking a football and from the interest shown the season will start with a rush.

TWO SESSIONS MAKE RECORDS

SPENT $417,000 FOR LEGISLATURE IN SEVEN MONTHS.

FAMILIES HOLD JOBS

Republican Members Keep Record for Nepotism in Special Assembly.

Jefferson City, Aug. 4.—The special session of the legislature, which adjourned Wednesday, cost the taxpayers of the state $121,000, which makes a total of $417,000 the legislature has cost since Governor Hyde has been in office seven months.

The special session was extended for several weeks because of the governor's submitting a large number of unimportant propositions to the legislators.

The special session first appropriated $109,000 for the contingent expenses and the salaries of members, but because of the large number of useless clerks carried on the payroll it was necessary to increase this appropriation to $121,000. This is the largest amount ever spent by a special session of the legislature while the regular session of the general assembly was the most extravagant in the history of Missouri. It was necessary for the special session to appropriate $16,000 to take care of the deficiency of the regular session although $280,000 had been set aside for the 70-day session.

Brought Families.

The extravagance of both the regular and special sessions was caused by more than 100 useless clerks being on the payroll, including the wives, sons, daughters and other relatives of Republican representatives and senators. More than 40 members succeeded in having either their wives or other members of the family connected with the payroll.

Mrs. Orpha Stockard, wife of Representative Stockard, of Greene county, was placed on the senate payroll by Senator Bennett of Dallas county.

Senator Chambers, St. Clair county, and Senator Collins, Pettis county, seemed to fare the best in the upper house. The former had Tom Chambers and Mary Chambers on the payroll, while the Pettis county senator saw that his wife and son, Harold Collins, drew their bi-monthly checks from the state auditor.

Senator LaFavor, Nodaway county, had his daughter, Mildred LaFavor, on the payroll; Senator Pickett, Grundy, Mrs. Nora Pickett; Senator Tout of Cass, Anna M. Tout; Senator Warner, St. Louis, Mrs. Margaret Warner. Russell Pickett also was a messenger in the senate.

Held Their Grip.

The Republican members of the house established a record during the regular session for nepotism and the following list shows that they did not lose it.

Rep. A. J. P. Barnes, Jasper county,

A JUNIOR CHAUTAUQUA

Every Boy and Girl Urged to Take Part—Still Several Season Tickets For Sale.

Tomorrow's Program

2:30 p. m.—Concert, Orchestral Troubadours and George Tack.

4:00 p. m.—Organization of Junior Town.

8:00 p. m.—Prelude, Orchestral Troubadours and George Tack and Lecture, "The Individual and Society" Robert S. Mac Cowan.

The big "brown top" of the Chautauqua will arrive in Maryville and be in place at the high school grounds ready for the first program which will be given tomorrow afternoon. George Tack and his Orchestral Troubadours will treat the musicay appetites of the Chautauqua goers on the afternoon of the opening day and Robert S. MacGowan will give his lecture "The Individual and Society."

Tack and his six piece orcehstra of singing men will give a program of good lively modern music and a number of musical comedy favorites Mr. MacGowan who is a Scotch preacher of Pittsburgh was graded as a ninty-eight percent lecturer when he appeared on the Eastern Redpath Chautauqua circuit last season. This was a higher rating than any other lecturer on the circuit.

The Junior Chautauqua this year comes to us higher recommended than ever. It features the Junior Town organization and every boy and girl should be given the opportunity which it offers. This program is entirely different from any program which has been here in previous years. It was planned by Miss Emma Robertson of New Jersey, who comes with the Redpath system to bring her novel idea to the boys and girls of the Middle West.

The Junior Town program is the organization and election of the office holders in a community, a regular election is carried on and the offices are filled with children of the town. This is a great means of showing the children the manner in which their town is governed and what will be expected of them when they grow older. It is a liberal education for them and they will have loads of fun with it.

H. W. Hull reports that the sale of season tickets has been comparitively slow this year and he insists that the people come out and buy their tickets to prevent the guarantors from having to meet any loss The season ticket for $2.48 is very little to compare with the program which is given and there is quite a difference between that amount and $7.85 which it would cost for single admission to the different programs. By waiting and buying single admission tickets you do the guarantors injustice because that money goes to the company.

30,000 BOTTLES OF REAL BEER SEIZED IN ST. LOUIS

Arrests Uncover "Ring" Which Has Been Shipping Booze From Illinois Breweries

St. Louis, Aug. 4.—Rigid investigation into the shipment of great quantities of beer from Illinois points to St. Louis was begun today by the Enforcement Officer E. J. Hoover, following arrests here yesterday of John Matalas and Peter Delles of West Frankfort and the confiscation of thirty thousand bottles of beer consigned from Murphysbore to J. P. Lampkin, Prominent West Frankfort attorney.

Matalas told Hoover he had furnished $1,500 to a fund to purchase beed which was to be sold here. Delles drove Matalas here from West Frankfort and is not implicated in the alleged booze ring, officers said.

Lampkin declared he placed the order for a beverage but did not know it contained alchol.

COLLEGE INCREASE WAS 50 PER CENT

1231 INDIVIDUALS WERE SERVED IN YEAR CLOSING TODAY

NEW BULLETIN IS ISSUED

Lists Almost Four Hundred Courses For Prospective Students—Fall Quarter Opens September 13

Twelve hundred thirty-one different individuals were served by the State Teachers' College in the collegiate year 1920-1921, which closed today. This number is fifty per cent greater than the total net enrollment for the preceding year, according to statistics in the new catalog and circular of information just issued by the College.

Of the total number served, 869 were individual resident college students, and 362 were enrolled in correspondence or extension departments, the children's demonstration school or the children's division of the department of music. The number of individual reisdent college students for the year 1919-1920 was 650, and increase for the year just closed of approximately 33 per cent.

The tabulated figures, as given in the new bulletin, are as follows:

Resident Enrollment, Fall Quarter, 255.

Resident Enrollment, Winter Quarter, 263.

Resident Enrollment, Spring Quarter, 235.

Resident Enrollment, Summer Quarter, 642.

Correspondence—Extension, 298.

Childern Demonsration School, 105.

Children's Division Department of Music, 54.

Total Enrollments, 1852.

Deducting names counted more than once, 621.

Net Individuals served, 1231.

Net individual resident college students 1920-1921, 869.

The newly printed bulletin is the most elaborate issued since the beginning of the World War. It contains full information about all departments lists the members of the faculty and of the board of regents, and outlines almost four hundred courses for prospective students.

In the roster of candidates for certificates, diplomas and degrees for the past year are the names of twenty-one students who received the degree of bachelor of science in education, four who were given the degree of bachelor of arts, thirty-nine to whom elementary life diplomas were granted, forty-two who received provisional two-year certificates and thirty-four who took elementary two-year certificates. There were also twenty high school graduates.

The number of degree graduates from the Teachers' College has steadily increased each year since 1917, when they were first conferred. In that year there were twelve who received the degree of bachelor of science in education. There were fifteen the next year, fourteen in 1919, twenty-one in 1920 and twenty-five in the school year which closed today.

The College building will be deserted until September 13, when the fall quarter will open. Uel W. Lamkin, the new president of the College, and the dean of the facutly will be in their office on September 12 for consultation with students. The fall quarter will close December 2, and the winter quarter opens the following Monday.

FAVORS FEDERAL TURNOVER TAX

CHAMBER OF COMMERCE OF THE UNITED STATES FOR THIS FORM

GENERAL TAX PROGRAM

Repeal of Excess Profits Taxes, and Repeal of War Excess Taxes Recommended.

Notification was received today by the Maryville Chamber of Commerce of a vote by the membership of the Chamber of Commerce of the United States in favor of a general federal turnover tax on all business transactions. The business organizations comprising the Chamber declared themselves for this form of sales tax in a referendum that has just been completed.

As a result of this refernedum and a previous one on taxation, taken six months ago, the Chamber has submitted to Congress a general tax program, which included the following proposals:

Repeal of excess-profits taxes.

Repeal of war excise taxes, both those on transportation and communication, and those levied in relation to particular businesses.

A tax on all turnovers to bring in such revenues lost through these repeals as the government's necessities require.

Decentralization of administration of income taxation.

Ascertainment by the government of any tax based on income before payment.

A court or courts of tax appeals to be entirely separate and independent of the Treasury Department.

Net losses and inventory losses in any taxable year to cause redetermination of taxation on income of the previous year.

An exchange of property of a like or similar nature to be considered merely as a replacement.

Gains realized from the sale of capital assests to be subject to lower rates than income received from business or other current activities.

Income from any new issues of securities, which lawfully may be made subject to federal tax, to be taxable.

Exemption of American citizens resident abroad from the American tax upon income derived abroad and not remitted to the United States.

More than 500 business organizations voted in the referendum just completed. A preliminary canvass shows that the most general demand, after a virtually unanimous demand in the previous referendum for repeal of the excess profits tax, is for repeal of the taxes on freight and express charges, passenger fares and pullman charges, and messages—i. e., for an end to the war excise taxes on transportation and communication. For repeal of these excise taxes there were 1,443 votes to 290 votes against.

The various organizations are entitled to from one to ten votes, based on their membership strength.

The next largest vote is for repeal of war excise taxes levied in connection with particular businesses,—i. e. ranging from automobiles and their accessories, through theatre tickets, candy, beverages, jewelry, insurance, wearing apparal, instruments, etc. to chewing gum.

The excess profits tax and the excise taxes, the removal of which the Chamber urges have been estimated

LAVELLEIR SAWS WAY OUT OF JAIL

NOTORIOUS CROOK ESCAPES FROM ANDREW COUNTY JAIL

WAS ALSO WANTED HERE

Reward of $500 Has Been Offered by Andrew County Court for his Capture

Earl Lavelleir, known as "Slippery Slim", "Hole in the Face" and LeRoy Smith, escaped from jail at Savannah during the night last night. His escape wa snot discovered until about 7 o'clock this morning.

Lavelleir escaped from jail by sawing through the walls, some time between midnight and 7:15 o'clock this morning. There is not any doubt but that he had help from the outside, said Sheriff Evans of Andrew county because there was found near the hole through which he made his escape a saw and a wire about six or eight inches long which was used to drag the saw which he used into his cell. It is estimated that the opening which he sawed in the wall was about 10 by 14 inches.

Lavelleir was arrested May 18 on a charge of the robbery of the Rea bank. Lavelleir was also wanted in Nodaway County on a charge of the Enis Bros. burglary. He was als suspected as being the murderer of Howard Patterson, a concession man at the Nodaway County Fair in August, 1919. He is known as a notorious crook.

Prosecuting Attorney Charles McCaffery received word of Lavelleir's escape this morning.

A reward of $500 for his capture has been offered by the county court of Andrew County.

His trial was scheduled for November but it was said that arrangements were being made for a special term next week. The officials at Andrew County had been warned several times that Lavelleir would try and make his escape.

NO CONSTITUTION TO BE MADE AT ONCE

GOVERNOR REQUIRED TO WAIT THREE MONTHS BEFORE ACTING

MAY ALLOW SIX MONTHS

Before Issuing Writs of Election and Calling Convention by Proclamation

Jefferson City, Aug. 4.—In the event the people of Missouri have authorized a constitutional convention, three months will elapse before the governor will be authorized to issue writs of election to the various sheriffs of the state providing for the holding of an election to elect two delegates from each of the state senatorial districts and fifteen delegates-at-large. The governor may wait even six months following the official announcement of the vote cast at the election August 2.

Each of the party committees in the state senatorial districts as constituted at the time of the election shall make provisions for placing one candidate in nomination, and the two receiving the highest number of votes shall be declared to have been elected. The candidates must appear upon their party ballots under such party designations as are permitted by law. Each voter will vote for only one candidate for delegate from his district.

To Issue Proclamation

The fifteen delegates-at-large are to be nominated by petitions filed with the secretary of state containing the names of not less than 5 per cent of the total vote cast for governor at the last preceding election. All of the names of the delegates-at-large will have to be printed on a single independent ballot. On this point the laws says:

"All candidates for delegates-at-large shall be voted for upon one independent and separte ballot, without any emblem or party designation whatever."

The fifteen persons who receive the highest number of votes the state over for delegates-at-large will be duly declared elected. Within six months following the election of delegates the governor is required to convene the constitutional convelon by procalmation. The delegates will be judges of the election of their own members and make rules for their own government very much as is done by the two houses of the legislature. A majority shall constitute a quorum. The meetings of delegates must be held with open doors. The qualification of a delegate shall be the same as the qualification of a state senator. If vacancies occur by death or from any cause the governor shall appoint, but he shall select a man of the same political faith as the predecessor.

Then up to the People

The work of the convention must be submitted to the people for their approval or rejection at a general election for that purpose not prior to sixty days following the adjournment of the convention or six months there after. The salary of members of the convention will be $10 a day and mileage. The convention will elect its own officers and provide for such expenses as it may deem advisable. It also will be its own judge to when it shall adjourn.

HOPKINS AFTER AUTO DRIVERS WITH CUT-OUTS

If You Do Not Want To Pay a Fine, Keep the Cut-Out Closed —Turn to Right

At a meeting of the Hopkins city council Monday night, it was decided to strictly enforce the law against running cars with cut-out open. Those who exceed the speed limit will also be arrested as well as those who fail to keep to the right around the posts in the inter-sections of the business streets. Those who have been driving without lights as well as those who drive with but one light are also subject to arrest and fine.

Don't park in the intersections of the business streets.

The traffic laws are to be strictly enforced and remember, ignorance of the law will not excuse you, so you had better read up and be on the safe side.

Chief of Police Leonard Whitten will have aids in helping gather the victims in as it is believed sveral will have to be arrested and made to pay fines before the general public realizes the law is to be really enforced.

Truckmen were present at the meeting saying their engines heated so if cut-out was kept closed and they were given a lease of life until it is ascertained whether they are exempted in Maryville, St. Joe and other places. If not, they will have to "cut it out" or dance to the music of Police Judge Ira Burch.

The cut-out and speeding have been a nuisance here for years and a long suffering public will be glad to know the city dads and the police officers have come out of the Rip Van Winkle snooze.—Hopkins Journal.

NODAWAY COUNTY YEARLINGS AT $9.25

M. F. Kling, of Nodaway county, Mo., scored the top price on mixed yearlings today when he disposed of a load of steers and heifers at $9.25. In the lot were 23 head, averaging 764 lbs. Mr. Kling purchased these yearlings as calves on the local market March 11, last. They made an excellent gain on corn fed on the grass and returned a good profit, Mr. Kling stated. They cost $7 a cwt. when they went out. The drove included 14 Angus cattle, the balance being red and roan Shorthorns. Mr Kling says indications point to a splendid crop of corn in his section of the state. Recent good rains, he reports, have practically assured a big yield.—St. Joseph Stock Yards Daily Journal.

FAVORS TURNOVER TAX

(Continued from Page 1)

to produce more than a billion dollars in revenue. So far as the government's necessities require a replacement of the revenue lost through these repeals the voting which has just closed means that the Chamber would have Congress use a tax on all turnovers.

In voting for such a tax the Chamber's members had an opportunity to vote for an increase in the income tax on corporations. The result of the balloting shows that they decisively preferred the general turnover tax.

The referendum which has just closed was in effect supplemental to the referendum taken in the winter on taxation. The earlier referendum was important in fixing the Chamber's position upon many questions but it did not produce a definite result with respect to sales taxes. A conclusion to discussion among the Chamber's membership on sales taxes has now been reached, with an unmistakable declaration for a sales tax and with designation of the general turnover tax as the type is widely favored.

On the issue between an increase in the income tax for corporations and a sales tax, to take the place of the excess-profits tax, the voting was clear-cut in its indication of the point of view that prevails among the member organizations. Eleven hundred and seventy votes were cast for the sales tax, to 108 for an increase in corporate income tax. Technically all of these votes cannot be counted in the official canvass but their effect is not lost since they were correctly cast upon the questions which followed and which determined the Chamber's position.

On the form a sales tax should take, 1142 votes were cast in favor of a tax on turnovers to 395 for a tax on retail sales. On the question as to which of two forms of turnover tax should be used, there were 824 votes for a tax on all turnovers, to 366 for a tax on turnovers only of goods, wares, and merchandise.

"In two respects the Chamber's present program differs from the position it originally took," says a statement issued by the Chamber today, "In the referendum of last winter, there were 1,217 votes cast in favor of excise taxes upon some articles of wide use but not of the first necessity, and 504 against. There were later some suggestions that a number of organizations had erred in marking their ballots, with a result that they were recorded in favor when they were in fact opposed to such taxes. However that may be, the present declaration for a sales tax of the turnover form leaves no doubt that the Chamber favors a sales tax, and not excise taxes.

"The second instance involves the income tax upon gains from capital assets. Last winter the members of the Chamber voted that these gains should be allocated over the period in which they were earned and taxed at the rates of the several year in the period. At the Chamber's annual meeting held in April the delegates representing the organization members took the attitude that this would not afford sufficient relief and that if, in the maintenance of necessary revenues, such gains are to be treated as income, they should be properly defined and then subjected to more reasonable rates, these rates to be lower than on income derived from business or other current activities."

Barnard Party to State Fair.

The party from Barnard which is going to the State Fair will leave Sunday, according to the plans made Tuesday night in a meeting held at the band stand. They plan to leave here Sunday morning at 10 a. m., motor to St. Joseph and eat dinner at Krug Park, and make their way to Excelsior Springs by nightfall. The next day they will reach their destination, if they have no bad luck.

Those in the party who are to leave Sunday are Dr. Pollard and family, C. O. Humberd and family, George Cole and family, Elba Hagan and family and Claude Roelofson and family.

Any others who care to go to the fair by auto are urged to join in this party and make the crowd larger, for as one of the party said, "The more the merrier."—Barnard Bulletin.

TAKES CARE OF 5 CHILDREN

Mrs. Taylor's Sickness Ended by Lydia E. Pinkham's Vegetable Compound

Roxbury, Mass.—"I suffered continually with backache and was often despondent, had dizzy spells and at my monthly periods it was almost impossible to keep around at my work. Since my last baby came two years ago my back has been worse and no position I could get in would relieve it, and doctor's medicine did not help me. A friend recommended Lydia E. Pinkham's Vegetable Compound and I have found great relief since using it. My back is much better and I can sleep well. I keep house and have the care of five children so my work is very trying and I am very thankful I have found the Compound such a help. I recommend it to my friends and if you wish to use this letter I am very glad to help any woman suffering as I was until I used Lydia E. Pinkham's Vegetable Compound."—Mrs. MAUDE E. TAYLOR, 5 St. James Place, Roxbury, Mass.

Backache is one of the most common symptoms of a displacement or derangement of the female system. No woman should make the mistake of trying to overcome it by heroic endurance, but profit by Mrs. Taylor's experience and try Lydia E. Pinkham's Vegetable Compound

Kinniard is Making Good

Roy Kinniard, the county agent, was in Pickering last week. He is making a good man for the place, playing no favorites but trying to work in the interest of the farmers throughout the county and if given the encouragement he should have, his efforts will bear fruit. He is exceptionally well informed along agricultural lines and his pleasing personality makes him friends wherever he goes.—Pickering Item in Hopkins Journal.

BAD BACK TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your neighbor.

Mrs. J. W. Armstrong, 615 E. 2nd St., Maryville says: "Doan's Kidney Pills have been a household medicine in my family for years. My back and kidneys were in bad shape several years ago. Sharp shooting pains often caught me in the small of my back and always left my back in a weak condition. My kidneys were very irregular in action and this caused annoyance. I suffered dreadfully until I started to use Doan's Kidney Pills and a few boxes brought me great relief. I am very glad to recommend a medicine which is helping many people and I will always speak well of Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Armstrong had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

BANDITS SLUGGED MESSENGER AND ESCAPE WITH CURRENCY

Woodriver, Ill., Aug. 4.—Three bandits today held up Tommy Felaido postal messenger, and slugged him into insesibility and escaped with three pouches of mail. One is said to contain between $40,000 and $65,000 in currency consigned to the Standard Oil company here by the St. Louis Federal Reserve Bank.

The auto used by the bandits was found abandoned in a corn field five miles south of Edwardsville an hour after the robbery. One sack of mail nearby contained parcels.

The auto in which the bandits escaped was stolen from Roy Preter, Alton merchant, some time ago.

We Like to Give Service

Or, to put it differently, has it ever struck you that it isn't the ease of the job, but your liking for it that makes it attractive?

We're in the battery business because *we like it.*

If we can give you service that you didn't know we had, we are particularly pleased. We don't stop with merely filling, charging and testing your battery, and selling you a new one when you need it. We're here to do everything we can to see to it that your battery gives most miles of uninterrupted service per dollar, and more satisfaction all around.

We like to be bothered. Come in anytime.

CIGAR MAKERS FORFEIT TO BUTCHERS WITH SCORE 30-1

Lightfoot Slides to First for Sensation of Game—El Retinas Use Six Pitchers.

In what was predicted to be (but was not) the fastest and closest game of the Twilight League last night the Bloody Butchers won from the Cigar Makers, by forfeit, 9 to 0.

The game was scheduled to last five innings but when 30 runs had been tallied against them and with only one out and the bases full in the fourth, the Cigar Men forfeited. Had the game continued for the full five innings at such a pace the score would have reached 50.

The Cigar Manufacturers lost because they didn't have a pitcher who could put 'em over. O'Banion, who usually hurls first class ball, strained his arm in the first ball pitched and had to be replaced. Richards took his place on the mound and pitched after a fashion for two innings. His place was in turn taken by Kepner, who, after part of an inning, gave way to Shrough. He lasted about three minutes and O'Banion tried it again. However his arm was in bad shape and he gave the mound over to Pope, who finished the game.

Harold Lightfoot, center fielder for the meat venders furnished the sensation of the game in the third inning. He swung too early on a slow delivery and barely caught it on the end of his bat. The ball floated leisurely toward second and was an easy one to catch but O'Banion dropped it. Meanwhile Lightfoot was living up to his name and speeding toward first. When he was about ten feet from the bag he saw O'Banion pick up the ball and, fearing that he would be put out, he executed a very noble attempt at a hook slide for first. The throw from second was wild and bounced far behind first. Little did this matter to Lightfoot. He lay where he was until the ball was picked up in the field and then, realizing that there had been an overthrow, he ran for second. The ball was relayed there to catch him and arrived at about the same time that he did. The umpire called him safe.

Every man on the Butchers but one was hit by one of the pitchers and every man made at least two runs. Heist, the Butcher second baseman was high man in runs, crossing the plate for six tallies.

The only run that the Cigar Makers were able to put across was made by "Big Bill" Richards, who went to second on an error, stole third and was brought home by a bunt down first base line.

Paul Buhler pitched a no hit game.

NO CHANGE IN FORD CARS, SAYS DISPATCH

Frank Barmann Who Was In Detroit Said Officials Say Would Be No Body Changes

The recent rumor that new model Ford touring cars and roadsters with ventilating windshields, 1 man top, metal sashes and refined body designs would be put on the market about August 15, was denied yesterday by W. A. Ryan, general sales manager of the Ford Company at Detroit. Ryan issued the following statement.

"Our attention has been called to recent newspaper articles and other statements to the effect that there is to be a new model Ford car on the market August 15 with a change in design to a ventilating windshield and 1-man top. As we do not contemplate any such changes and there is no foundation to the rumors circulated in this connection we have on hesitancy in making a denial of the report."

Frank Barmann of the Barmann Auto Company was in Detroit at the Ford factory last Thursday and at that time the officials of the Company told him that the rumor regarding body changes of the Ford was entirely unfounded an dfalse.

HUBBELL'S CAR FOUND IN ST. JOE YESTERDAY

John R. Hubbell went to That City and Returned With Car to Barnard —No Arrests as Yet

The John R. Hubbell Buick car of Barnard which was stolen a week ago Saturday night has been found in St. Joseph. Mr. Hubbell went to St. Joseph yesterday and returned to Barnard last evening with the car. It is under stood the car had been sold to a garage in St. Joseph for $950 and on investigation they found that it was a stolen car and contained the name "John R. Hubbell" written in the pocket of one of the doors. The engine number had been changed.

Hubbell's car was stolen from the streets of Barnard about 9 o'clock in the evening during a band concert. The car hit a buggy driven by Francis Richey just beyond the river bridge as it left town and Richey and Paul Campbell caught the car with Campbell's Chevrolet on the hill by Worth Smith's place. The men said they would pay the damages for the broken buggy and went away, after the Barnard boys had taken the number of the car, which was the same as the number of the Hubbell car.
